

LOCAL BREVITIES.

The Democrats are declaring that Supervisor McCellan will be returned to office with a good majority.

Court Luncheon No. 6600, A. O. F., will meet in Pythian hall, Beretania avenue and Fort street, at half-past seven this evening.

The band will play this morning at the departure of the steamer Wilhelm and in the afternoon at Kapiolani Park for the children.

W. F. Sabin, who has been city editor of the Hawaiian Star for the past year, has joined the staff of The Advertiser, taking the place of George P. Henshall, who has resumed his place on the Star staff.

Among those leaving today in the S. S. Wilhelm for the Coast is Charles R. Frazier, who will be several months on the mainland, taking in San Francisco, Seattle, Portland, Boston, Chicago and New York. Mrs. Frazier will join him later.

Another of the Cluney boys figured in an auto accident last night, when a Japanese on a bicycle ran into John Cluney's machine as the latter was coming out of Adam's lane on Beretania. The collision was violent and the Japanese accumulated sundry bruises and a headache.

Edward Woodward, ex-clerk of the house of representatives, is out for the office of city auditor on the Republican ticket, believing he can take votes from James Bicknell, the old stand-by. Dan Pahn, assistant registrar of Kamehameha Schools, wants to run against Ka. lanakalani, Jr., for city clerkship, the latter having had the office since it was created.

W. R. Castle has just granted a temporary lease to his property on King street near Pihiki to Mr. Okamura for the Japanese Orphan Asylum. The lease was offered voluntarily to assist the superintendent out of a difficulty, the Hyde property where the school is now situated being utilized by the H. R. T. & L. The new place will be used only temporarily.

George Kana, very drunk, was booked at the police station last night for investigation. He, with several other Hawaiians and Portuguese, had been joy riding around in a Japanese auto and after his companions had left the machine at various points he dismissed it without paying for it. The chauffeur thereupon picked him up and carted him down to the police station where he was taken care of.

The Salvation Army will conduct a free outing for poor children next Saturday, and will take two or three car loads of the youngsters to Waikiki. All the boys and girls who apply for a ticket before Friday evening will be entitled to a place in the special train which will leave the corner of King and Nuuanu at nine o'clock on the day mentioned. Lunch will be provided for and there will be sufficient adults on hand to keep order in the juvenile ranks.

An unintentional error, which does injustice to Thomas McTigue, crept into The Advertiser account of the meeting of the board of license commissioners held Monday. The report stated that McTigue had been called upon the carpet for selling a compounded whisky made by him, while, as a matter of fact, he has no rectifier's license and sells no compounds of any kind locally manufactured. The particular whisky in question was a blend recognized by the federal pure food inspectors, but which is not recognized as a blend under the rulings of the local license board. The whisky in question is bottled goods and was not adulterated or tampered with in any way here. As the Irish Consul has always prided himself upon never handling rectified goods, even when the same was allowable, he feels it is rather rubbing it in to state that he has got into trouble for handling any now, after the sale of such as been officially frowned down upon.

KILAUEA.

What thoughts sublime inspire the wondrous soul,
When at the brink, he sees the golden lake
Replete, and wave on wave, o'erwhelming roll
In mighty strife, the hidden depths to show
The yellow surf in fury beats the rock,
And heavy spray tossed high, o'er all
With glorious geysers, fiery seem to mock
The impotence of merely human power.

The flaming rivers rend the walls
And ceaseless changing, wand'ring in
New bed,
Still held by barrier strong, when booming thunder,
Ascending, ascends to air o'erhead,
As light of genius, in uncertain way
Now dies, now dashes forth; so oft, the sea
Which flows from view, is seen at later day,
A mighty emblem of eternity.

HOUSEHOLD REMEDIES
Which have stood the test of time deserve a place in the medicine chest of every family. Mothers are today endeavoring to their children the remedies their grandmothers used.

For thirty years Lydia E. Pinkham's Vegetable Compound, made from roots and herbs, has been curing the women of the country from the worst form of female ills, and merit alone could have stood such a test of time and won such an enviable record.

BELIEVES RUSSIAN IMMIGRATION GOOD

Special Correspondent of Slav Newspapers Sends Report of Real Conditions.

The immigration of Russians to Hawaii has one friend at least among the Russians themselves, in the person of Mr. Kero, a correspondent of Harbin and other Russian newspapers, who was sent here to report particularly on the conditions of Russians in this Territory. Mr. Kero's statements are emphatic in their assurance that the Russians here are receiving the best treatment possible, and that they are five times better off than they were in their old homes.

"The American government," he said in one of his articles published in Harbin, "wants none but white people in Hawaii. It is spending a great deal of money to bring people there, and is erecting schools and hospitals at its own expense. It had brought about 10,000 Portuguese to the Islands before Mr. Perelstous advanced the Russian immigration project, resulting in the migration of people who had been suffering in Russia to cheering homes in the Islands. About 250,000 roubles has been spent in this work. All people who come to Hawaii are free. The government does not care whether they work on the plantations or not. The plantations like the Russian people very much and can pay \$24 a month, whereas they pay the Portuguese and other nationalities but \$18."

Mr. Kero introduced his own investigation and experience in proof of what he says and reproduces several interviews with Sam Gomer's "peons." The general trend of his stories are only exemplifications of the real condition of Russian laborers in the Islands. He condemns the work of the agitators as pernicious and consisting entirely of lies, and is not at all bashful about mentioning names, referring to Naehrin as one who has been in prison in Russia and Siberia.

The correspondent is still in the city, residing on Fort near Beretania.

THE DAY'S DOINGS ON THE STOCK EXCHANGE

Free trading marked the day's business on the stock exchange yesterday morning, stocks being purchased readily but without any material change in the figures.

Oahu led the smaller stocks gaily at a steady figure of 6.50 with the same bid, rising generally to 6.625. Two large blocks of Hawaiian Commercial changed hands at 41.125, registering no change from the former price.

Oahu Sugar appeared three times, each time dropping an eighth from its former figure. An off board sale was quoted at thirty-one and three-eighths. Another session sale was at a quarter and the following one at one-eighth.

Sales yesterday were:

Haw. C. & S.—100 @ 41.125; 100 @ 41.125; 5 @ 41.125.
Oahu—50 @ 6.50; 50 @ 6.50; 100 @ 6.50; 100 @ 6.50; 30 @ 6.50; 20 @ 6.625.
Ewa—20 @ 33.875.
Oahu Sugar—10 @ 31.375; 5 @ 31.25; 25 @ 31.125.
Pepeekeo—35 @ 150.
McBryde—25 @ 63.75.

CHANCE FOR BOARD OF IMMIGRATION

F. A. Bliss, a blacksmith of Lakeview, Oregon, would like to come to Honolulu and start a small farm, the only thing that prevents him, according to a letter written by him to Governor Frear, being the unfortunate circumstance that he hasn't "money enough to go to a free dog fight." He understands that the Territory of Hawaii is pining for reputable citizens like himself, who can boast of a wife, five children, a trade and an untarnished reputation, and he writes the Governor that if the Territory will send him transportation, he will come at once, wife, five children, trade, untarnished reputation and all.

The letter has been referred to Land Commissioner Campbell. He may send it to the board of immigration, as the Lakeview man is certainly as desirable as a Russian and it should not cost as much to get him here.

WHAT THE PRESS AGENT SAY

At the Empire.

At the Empire, for a short engagement, Thompson with the Desmond sisters are appearing, having opened to a big house last night. This week the dancing of Miss Eva Alva is par excellence. It is far and away the most graceful dance this little artist has done in Honolulu. By way of a change Miss Eva will, for the latter part of the week, do an oriental song and dance.

TRUNKS

We are ready to confirm our belief that our trunks, received last week, are the best made, the roomiest and the strongest, ever brought to this country. This is a broad statement and the trunks are silent evidence of the truthfulness of it.

They are from thirty to thirty-eight inch in length, deep enough to hold a wardrobe for an actress or a family, and will stand all the hard knocks a baggage smasher can inflict.

This is almost a new line for us to handle and for that reason we believe we have profited by the mistakes of other dealers. The manufacturers have spent forty-two years securing trunk efficiency and have reached the goal.

We have trunks for steamer travel; double locked, brass finish on edges and bolts. Canvas covered and reinforced with sole leather. Time itself cannot get away with one of these trunks.
